

VILLA JUANA

BEACH FRONT

SYROS

Light Cycladic design blends with ample interiors. We love the living spaces where the choice of furniture and décor enhances the home away from home ambience. Bedrooms provide great privacy while styled in expressions of white and natural colors enhancing a freshness and comfort.

Outside, the infinity pool is the main gathering area, embraced by shaded lounge and dining areas, inviting guests day and night to create moments with a view! The area is also equipped with a Jacuzzi offering a variety of options for the group of friends and family. The property also features a gym and a sauna for those wishing to stay ahead of their fitness game while still enjoying their summer escape.
