

VILLA DELLA

FAMILY

SKIATHOS

Bedrooms: 6

Bathrooms: 8

Guests: 12

Shielded from verdant vegetation and the everlasting love with the deep blue of the Aegean, with high aesthetic design, Villa Della is the perfect exclusive retreat in Greece. It is awarded the first place in “Best Vacation Homes in Greece”.

Villa Della is among the finest villas for rent in Greece. The villa is cited in a small green hilltop, gazing the Aegean Sea and the horizon. The pool area is front row seat for a magical and colorful sunset while the overall minimal and contemporary aura enhances the luxurious but still cozy ambience.

The outdoor areas are part of the living spaces, with the open-air private cinema, and the various sitting and dining areas to invite guests for gatherings and relaxing moments. The architectural lines are minimal while the natural colors and stone elements blend in with the environment.

The interior of the villa is minimal, contemporary with expressions of pale colors and wood elements. The choice of fabrics, furniture and décor elements are all top quality and aesthetically magazine style.
